

Tech for Retail

NAME

HOMEWORK DUE DATE

YOUR TASK

Interview adults at home and complete your own research to produce a timeline of technology in retail. Example questions you could ask include:

- What were tills like in the 60s, 70s and 80s?
- How has your weekly shopping changed over the last 20 years – in terms of technology?
- When did you first shop online?
- Has the bar code always been around? How did the shopkeepers know the price of products?
